

LO. To be able to explain how a volcano is formed.

Cut and stick - - - - -

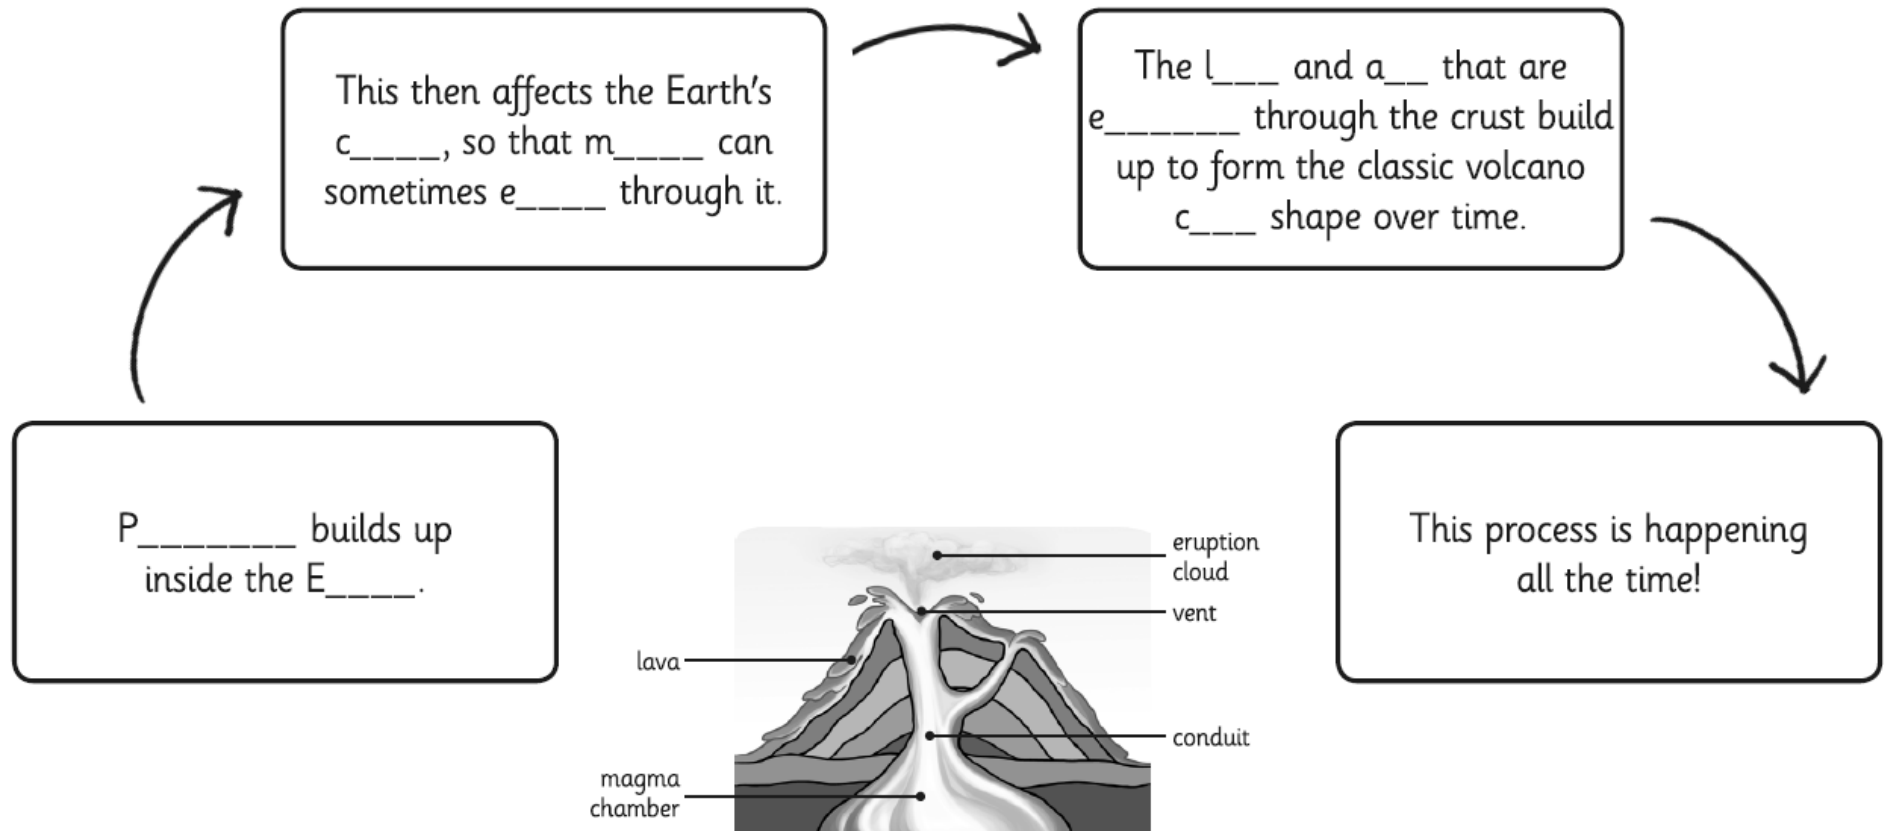

This then affects the Earth's crust, so that magma can sometimes erupt through it.

This process is happening all the time!

The lava and ash that are erupted through the crust build up to form the classic volcano cone shape over time.

Pressure builds up inside the Earth.

LO. To be able to explain how a volcano is formed.

LO. To be able to explain how a volcano is formed.

Key Words:

magma, pressure
lava, eruption
