

25.01.21

L/O: To be able to divide a 2-digit number by a 1-digit number

Draw the place value counters into the place value grid to share the amount equally.
Make sure that each group has the same value.

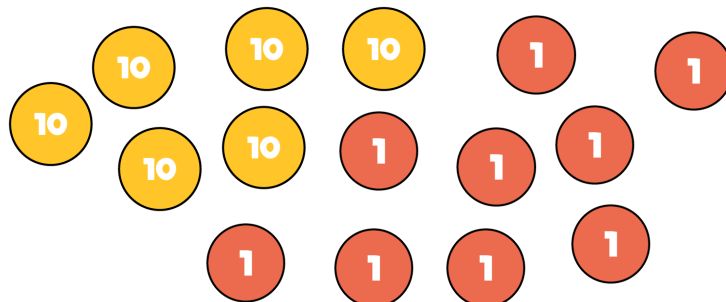

Tens	Ones

1. $55 \div 5 = \underline{\hspace{2cm}}$

Tens	Ones

2. $69 \div 3 = \underline{\hspace{2cm}}$

Tens	Ones

3. $88 \div 4 = \underline{\hspace{2cm}}$
