

On each side of the kite, draw a picture of the person that you're remembering.

You could draw them on their own or you could draw them doing something fun with you.

.....

In each cloud,
write one word
that describes the
person that you're
thinking about.

On each side of the kite,
draw a picture or write
about a memory that you
have of that person. It might
be a memory of the two of you
together or it could be a story that
they once told you. It's completely
up to you.

.....

When you've finished decorating, follow
the instructions to fold your memory kite.

Fill each side of the kite with memories of the person that you're thinking about.

You might want to:

- draw a picture of the two of you together;
- draw objects that remind you of them;
- write words that describe them;
- draw a location that reminds you of them;
- write a description of what you like most about them.

.....

If you would like your decorations to span across both sides of your memory kite, follow the instructions on how to fold it before adding the decorations.
