

★ Plan your instructions for setting up the trap. Use the planner below to help you.

Underlying structure	Jot down your ideas in note form
Ask a question to the reader to draw them in, e.g. Are you ... Would you ...	How to uncover a stegosaurus • Are you mesmerised by the incredible stegosaurus? • Would you love to photograph this thought to be extinct dinosaur? • If so, read on to find out how!
What you need: List of items needed for the trap	What you need: • A trail of peanuts • A pit with steep sides • A large and attractive edible flower • A good camera • A boulder
What you do: The steps you need to set up the trap. Use your adverbs to show the order First, Next, After that, Then, Now, Finally,	1. First, dig a pit large enough for a stegosaurus. 2. Next, find a large and attractive edible flower to entice the stegosaurus. 3. After that, trek through the jungle to where the trees are sparse. You are sure to find a stegosaurus nest here. 4. Then, sprinkle a trail of peanuts from the nest of the stegosaurus to your trap. 5. Once your trail has been laid, find a safe place to hide close to the trap. 6. As soon as you are hidden, wait patiently for the stegosaurus to approach. 7. Once the stegosaurus has fallen into the trap move quickly to take your picture 8. Finally, take your chance to photograph the majestic dinosaur. 9. Now you have your precious photograph! Remember to plan an escape route for your creature
Final word of warning	Warning: Never use meat - might attract a tyrannosaurus-rex!
