

Introduction to Capacity – 23rd March 2020 - Easier

LO: Describe volume using 'full' 'nearly full' 'half full/empty' 'nearly empty' and 'empty'

What I think

My teacher thinks

I can remember to:

... check whether the contents are at the top 'full' or near the top 'nearly full'

... check whether the contents are an equal distance from top and bottom 'half full/empty'

... check whether there are no contents 'empty' are only a little bit 'nearly empty'

1 mark

3a. Which sentence is correct?

A

B

1. The capacity of jug A is less than jug B.
2. The capacity of jug A is equal to jug B.

1a. Tick the box which best describes the volume of the jug below.

☐ empty

☐ full

2a. True or false? The jug below is full.

4a. Complete the sentence.

is _____

☐ greater than

☐ less than

Expected level

5a. Tick the box which best describes the volume of the jug below.

nearly empty

nearly full

half full

6a. True or false? The glass below is nearly full.

7a. Which sentence is correct?

A

B

1. The volume of jug B is less than jug A.
2. The capacity of jug A is equal to jug B.

8a. Complete the sentence.

is _____

greater than

less than

5b. Tick the box which best describes the volume of the jug below.

nearly empty

nearly full

half full

6b. True or false? The glass below is nearly empty.

Reasoning and problem solving

4a. Colour each jug to match the label.

nearly
empty

nearly full

6a. Tick the boxes to show if the sentence is true or false.

Sentence	True	False
A. Nearly full is greater than half full.		
B. Nearly empty is less than empty.
