Addition

I can add a 2d number to a 2d number

Remember to:

- partition the numbers
- write out the 2 new questions
- add the ones (units)
- add the tens
- add the ones answer to the tens answer

1

Pim bought apples for 75p and cherries for 23p. How much did he spend?

2

There are 45 bananas in one box and 32 bananas in another box. How many bananas are there altogether?

3

What is the sum of 22 and 31?

4

Pim ran 15km. He had a rest. He ran another 24km. How far did he go in total?

5

Count Fourways has 38ml of juice in a jug. He adds 41ml more. How much liquid is in the jug?
