

Storm Whales Maths Homework Autumn week 3

Learn Its!

This week's learnt Its to practise are:

$4 + 2 = 6$

$5 + 2 = 7$

$6 + 2 = 8$

$7 + 2 = 9$

$9 + 2 = 11$

$4 + 3 = 7$

$5 + 3 = 8$

$6 + 3 = 9$

Can you switch them?

Try saying them in different voices (scared, happy, shout, whisper etc.)

How many times can you say each fact in 1 minute?

Addition

Step 15: I can add 10 to any 2 digit number

$16 + 10 = \dots 6$

$69 + 10 =$

$27 + 10 = \dots 7$

$72 + 10 =$

$38 + 10 =$

$84 + 10 =$

$41 + 10 =$

$95 + 10 =$

Explain a fact family to your grown up:

$40 + 30 = 70$

$30 + 40 = 70$

$70 - 40 = 30$

$70 - 30 = 40$
