

SLEEP SONG –

Stars shining bright above you
Wind blowing keeping safe all tiny Whos
Don't forget to turn out the light
Dream a little dream tonight

Hang stockings up and dream sweet
Just imagine tomorrow's Christmas treats
While the fire is still burning bright
Dream a little dream tonight

Stars fading but my eyes are open
Too excited to sleep
I'm hoping to spot Father Christmas
Just a little peep

Stars shining bright above you
Wind blowing keeping safe all tiny Whos
Don't forget to turn out the light
Dream a little dream tonight

Stars fading but my eyes are open
Too excited to sleep
I'm hoping to spot Father Christmas
Just a little peep

Hang stockings up and dream sweet
Just imagine tomorrow's Christmas treats
While the fire is still burning bright
Dream a little dream tonight
Dream a little dream tonight
Dream a little dream tonight
