I can remember:

scan for key words in the text

find the information and write the answer in full sentences

Read the questions carefully and highlight any key words. Scan the text to retrieve the answer. Write your answer in full sentences.

1) What is the Iron Man's height compared to?

2) What colours do the Iron Man's eye go?

3) What did the Iron Man see that he'd never seen before?

4) What part of his body falls off first?

5) Where did the seagulls land at first?

6) How did the seagulls spot the Iron Man's hand and eye?

7) What did the seagulls think was a 'strange type of clam?'

8) What did the seagulls think was a 'strange type of crab?'

Finished early?

Can you try writing your own questions for a partner or family member to answer.

TASK 2: IRON MAN

LO: To summarise information from the text.	What I think	My teacher thinks
I can remember:		
group together the most important information	☐	
label your diagram using descriptions from the text.	☐	

Draw and label a ‘before and after’ diagram of the Iron Man. On the left draw an iron giant at the top of the hill, using the description at the beginning of the extract to help you. On the right, draw a picture to show the iron man after the fall. Use evidence from the text to label your drawings.

BEFORE	AFTER

TASK 3: IRON MAN

LO: To predict what might happen next using details from the extract.

**What I
think**

**My teacher
thinks**

I can remember:

to use what I already know from the story

☐

make my work exciting and interesting

☐

Using what you already know from the text, predict what might happen next in the story. You can do this as a paragraph of writing or as a story board. You could describe how the Iron Man puts himself back together, show what he does next or perhaps introduce more characters.

I've given you some sentence openers here to get you going...
