Answer the following questions. Use what you have learned about the drama so far to **explain** and **justify** your opinions. You may want to watch the videos again.

1. **Who was the stranger?** Where did he come from? Why was he in the woods? Why couldn't the villagers understand him? How and why was he injured?

2. **What will happen next?** What do you think that the villagers will do about the stranger? What will they do about what Powell and Nareen's fathers saw? Will everyone in the village agree?
