

FRACTIONS

LO: To be able to manipulate tenths.

What I
think

My
teacher
thinks

I can remember to:

understand that a tenth has been divided into ten equal parts.

☐

count in tenths.

☐

know that even over 1 whole, the denominator will still be 10.

☐

* convert fractions to decimals.

☐

$$\pounds 4.32 + \pounds 5.19 =$$

DO ME FIRST

1 mark
