

THE MAKING OF BRITAIN: ANGLO-SAXONS, BRITONS & VIKINGS

LO: To be able to identify features of a good settlement site.

What I
think

My
teacher
thinks

I can remember to:

sort settlers' needs by importance.

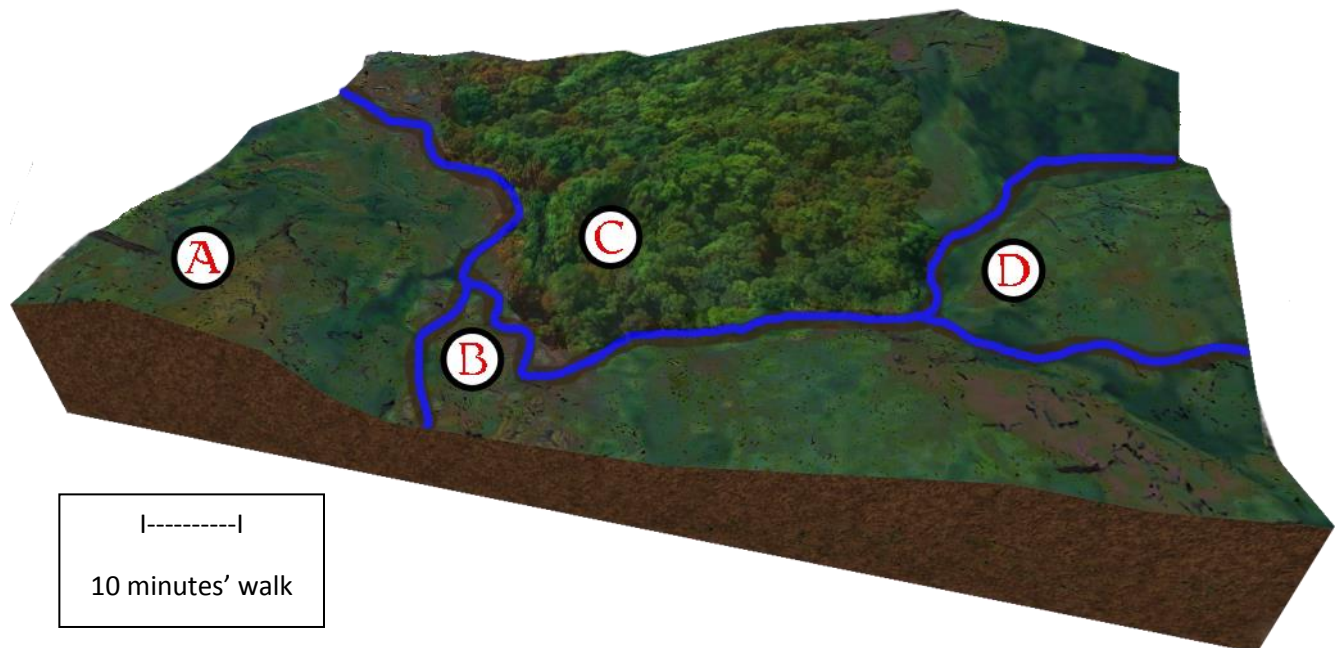

give reasons why a site might be unsuitable for settlement.

give reasons why a site might be useful as a settlement.

explain how the land could be modified to make a good settlement.

Use your knowledge of the area to choose the best site for each of the settlers' needs. You should rank them from best (1) to worst (4).

	Site A	Site B	Site C	Site D
fresh water supply				
shelter from the weather				
fuel supply				
building materials				
farmable land				
defensible				

Choose which site you think is best to settle. You need to persuade your friends and family that your choice is the best.

Write down what you're going to say to persuade them.
