

Walkley Primary School – Year One Learning Log Smartest Giants

Year One Theme: “The Moon and Space”

Here are some examples of the children’s work carried out in Spring 2.

Learning Log Summer 1 – The Moon and Space

As next term’s theme continues we are following the children’s interests with Walkley’s unique approach to homework that will give your child the opportunity to demonstrate their knowledge and ‘creative flair’ with science.

- Children choose their own method to present their learning.
- The tasks will be open ended.
- There is no one right way of presenting the work.

It would be **GOOD** if you could complete 4 out of the 9 activities.

It would be **GREAT** if you could use ICT in your work.

It would be **AMAZING** if you could complete a range of activities (write, research, make, discuss, draw).

Research Who landed on the moon first	Write: a list of what you might need to take to go to the moon	Design a brand new rocket to go to space
ICT: on paint draw a picture of your own made up planet	Maths: if you went to the moon and back 3 times how long would it take	Make: the a papier-mâché model of the moon
Watch: on YouTube a song about the moon. https://www.youtube.com/watch?v=K3YfLAAi3Vc	Draw pick a planet and draw it	Research: about some interesting fact about the moon

Every week in term time I must also:	What I think of my work in Spring 1	What my teacher thinks	Parent/Carer Comments
Remember to:			
1. Read my reading books.	☐		
2. Complete my Spelling Point Contract.	☐		
3. Practise my Learn Its.	☐		
★ 4. Talk to my grown-ups about what I'm learning in school.	☐
