

Maths Homework Week Autumn 1 Week 7

Learn Its!

This week's learnt Its to revisit are our number bonds to 10:

$$1 + 9 = 10 \quad 2 + 8 = 10$$

$$3 + 7 = 10 \quad 4 + 6 = 10$$

$$5 + 5 = 10$$

Try counting in 5s:

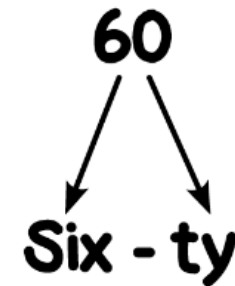

5, 10, 15, 20, 25, 30, 35, 40, 45, 50,
55, 60, 65, 70, 75, 80, 85, 90, 95,
100

Try 'Counting by 5s Scratch garden' on YouTube. The children love singing along to it in CLIC.

Reading Numbers: Step 3

I can read multiples of 10:

For some tens numbers all you have to do is read the first number and add 'ty' on the end.

This doesn't work for 20, 30 or 50. Try reading these:

30	60	80	90	10
20	50	40	70
