

Biography about Anne Frank

Where did Anne Frank grow up

Anne Frank was a young teenager in the Netherlands she was born on the 12th of June 1929 and lived in Amsterdam with her family until they were forced to go into hiding...

Why is she famous

Anne Frank is famous because of her beautifully scripted diary's that she wrote during the holocaust trapped in her annex. Anne wrote a diary everyday about how she hoped it was over and how she was feeling. Or even how close she got to being caught she write about how the Natzis checked every house in Europe to look for people to send to concentration camps or even to just kill.

What happened when she got caught

When her and her sister got caught they were spared the immediate death and was sent to a concentration camp in Northern Germany instead of being put into the gas chambers sadly the sisters still did eventually pass away.

Fun Fact

Anne Franks diary is still with us today in Amsterdam and is on display for the first time in the house of Anne Frank house
