

Friday reasoning and problem solving level 1

0.5 is equivalent to $\frac{1}{2}$, $\frac{5}{10}$, $\frac{50}{100}$

Are these the only fractions that are equivalent to 0.5?

How many fractions can you find? $\frac{25}{50}$ $\frac{100}{200}$

2a. Convert the fractions into decimals and write them in ascending order.

- 1) 0.9
- 2) 0.3
- 3) 0.01
- 4) 0.50
