

Y5 Varjak Paws Maths Homework Spring 1 Week 5

Cubes/Cuboids

$$6 + 8 = 14$$

$$5 + 7 = 12$$

$$5 + 8 = 13$$

$$5 + 9 = 14$$

$$6 + 9 = 15$$

$$7 + 9 = 16$$

Learn Its: Step 9

Measure Perimeter

4. Tick the shapes with a perimeter of 12cm.

Y5
Hm/Cd

5. Use $>$, $<$ or $=$ symbols to complete the comparison statement about the perimeter of the three shapes below.

Y5
Hm/Cd

6. Sienna cuts the shape below along the dotted line. She says that the perimeter of the new shape labelled A is half the size of the original perimeter.

Is Sienna correct? Prove it by measuring the two perimeters.
