Learning Log Autumn 1 – Let's Celebrate!

As part of our current Curriculum theme we have an exciting approach to homework that will give your child the opportunity to demonstrate their knowledge and 'creative flair'.

- Children choose their own method to present their learning.
- The tasks will be open ended.
- There is no one right way of presenting the work.

Homework will be shared every Friday. Please complete your work weekly and share what you have done on Tapestry by the following Wednesday.

Week 1 – Explore 23.9.22

Tell us about your family. You could make a video, draw a picture, make a family tree or share a photograph. Please upload this onto Tapestry for us to share in class.

Week 2 – Draw 30.9.22

We will be learning about basic map skills next week. Have a go at drawing a map at home. It could be a treasure map, your journey to school or a map of your bedroom. Please upload to Tapestry.

Week 3 – Adventure 7.10.22

Go on a woodland walk and explore the seasonal changes from Summer to Autumn. We would love you to bring in what you find for us to explore in the classroom. You could also send some photos in via Tapestry.

Week 4 – Celebrate! 14.10.22

Over the holidays there are many celebrations which you may take part in (Bonfire Night, Halloween, Diwali). Prepare yourselves for the events by having a go at dressing yourself independently in your special clothes. For example, practice putting your coat on and zipping it up for when it is cold outside for Bonfire Night! Or try on your party clothes for the Diwali celebrations.

Every week in term time I will also try to:	What I think	What my grown-up thinks
Remember To:		
1. Practise my Set 1 sounds using your sound pack		
2. Practise putting on and zipping up my coat.
