

Can you solve the rainforest riddle?

Use your problem-solving skills to get the animals to safety before the fire reaches the bridge.

Remember:

1. Each animal takes the following time to cross the bridge:
2. The fire will reach the bridge in **17 minutes**.

1 minute

2 minutes

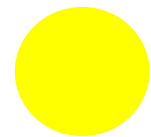

5 minutes

10 minutes

3. Only **2 animals** can cross the bridge at once and must be carrying the **lamp**.

Hint: Use counters, lego, cubes, teddies or drawings to help you try out different solutions to the problem.
