

Multiplication and Division		
<u>L/O: I can use a chunking method for 2 digits with remainders.</u>	What I think	My teacher thinks
<i>I can remember to:</i>		
using counters count the correct number	☐	
Find where's Mully	☐	
Write at the side how many groups of	☐	
Subtract the numbers	☐	
Write the total at the top		

	DO ME FIRST	
	3822 – 1800 =	
		☐ 1 mark

Try these with remainders!!
