100 minutes

Finding Nemo

FILM REVIEW

Funny, Non-stop excitement and enjoyable for kids and parents! “Finding Nemo” is one of the best films of the year. One word to describe the film....FANTASTIC!

The story starts with Nemo, a clown fish with a weak fin, who lives with his dad. His dad – Marlin, is worried that something nasty might happen to his son so he tends to protect him too much. But one day Nemo is whisked away by a passing diver.

Nemo is sent to Sydney, Australia where he meets a bunch of new friends. Meanwhile his dad meets up with Dory, who has short-term memory loss, and they set off to rescue Nemo.

The cast are brilliant including Alexander Gould and Barry Humphries. The animators should be very proud of themselves, every scene is beautifully drawn and sometimes you can get carried away and forget it is a cartoon. If you’ve not seen yet.....what are you waiting for?
