How many times can you say each fact in 1 minute?

### The Grid Method - Recap

In Year 4, we teach the grid method for multiplication. It is important that children are completely secure in this method before they move to the long multiplication method in Upper KS2.

$$89 \times 4 = \quad 66 \times 8 = \quad 978 \times 4 = \quad 88 \times 8 =$$

$$54 \times 7 = \quad 756 \times 4 = \quad 846 \times 7 = \quad 28 \times 8 =$$

$$15 \times 6 = \quad 145 \times 8 = \quad 279 \times 8 = \quad 49 \times 2 =$$
