

Maths Homework – Y4 Mr Earl's Group - 26/11/2018

Learn Its!

This week's *Learn Its* to practise are:

$$2 \times 3 = 6$$

$$3 \times 3 = 9$$

$$4 \times 3 = 12$$

$$5 \times 3 = 15$$

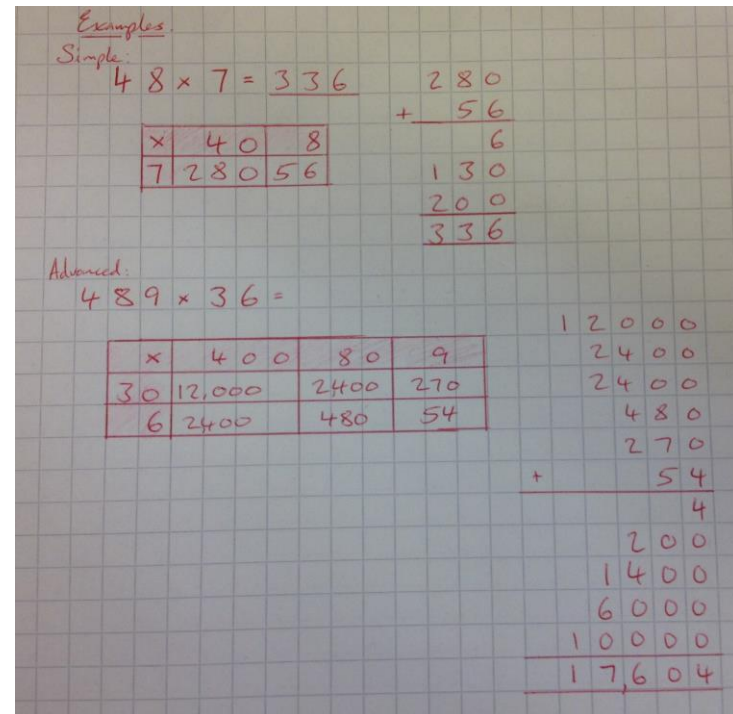

$$6 \times 3 = 18$$

Try saying them in different voices (scared, happy, shout, whisper etc.)

How many times can you say each fact in 1 minute?

The Grid Method

In Year 4, we teach the grid method for multiplication. It is important that children are completely secure in this method before they move to the long multiplication method in Upper KS2.

$89 \times 4 =$	$66 \times 3 =$	$978 \times 4 =$	$83 \times 3 =$
$54 \times 7 =$	$756 \times 4 =$	$846 \times 7 =$	$28 \times 3 =$
$15 \times 6 =$	$145 \times 8 =$	$279 \times 8 =$	$49 \times 2 =$
