

Maths Homework – Y3 Charlies - 15/11/2019

Learn Its!

This week's *Learn Its* to practise are:

$$7 + 5 = 12$$

$$7 + 6 = 13$$

$$7 + 7 = 14$$

$$7 + 8 = 15$$

$$7 + 9 = 16$$

Try saying them in different voices (scared, happy, shout, whisper etc.) How many times can you say each fact in 1 minute?

Grid Method Multiplication

$3 \times 17 = \underline{51}$		
	Tens 10 	Ones 1 
x	10	7
3		
		
		
	30	+ 21

In Year 3, we teach children to use the grid method for multiplication.

Partition the 2-digit number and multiply the tens and the units separately. Once you've done that, you can add them back together to find the total product.

Please can you practise the grid method for multiplication this week?

$$3 \times 17 =$$

$$3 \times 32 =$$

$$3 \times 22 =$$

$$5 \times 28 =$$

$$5 \times 27 =$$

$$5 \times 38 =$$

$$4 \times 29 =$$

$$4 \times 58 =$$
