

Maths Homework – Y3 Charlies - 18/10/2019

Learn Its!

This week's *Learn Its* to practise are:

$$5 \times 3 = 15$$

$$6 \times 3 = 18$$

$$7 \times 3 = 21$$

$$8 \times 3 = 24$$

$$9 \times 3 = 27$$

Try saying them in different voices (scared, happy, shout, whisper etc.) How many times can you say each fact in 1 minute?

Expanded Column Addition 1

Your parents may have been taught a different method when they were at school. Please can you explain how to do column addition to your parents? Be kind – they may need to practise! Explain how to draw it, if it helps them.

Mark your parents' work to see if they got everything correct.

	Tens	Ones	
	2	1	II.
+	3	4	III....
		5	
	5	0	IIII
	5	5	IIII.....

$$23 + 14 = \quad 45 + 32 = \quad 13 + 64 =$$

$$63 + 13 = \quad 75 + 22 =$$

$$29 + 41 = \quad 46 + 54 = \quad 36 + 44 =$$

$$15 + 76 = \quad 35 + 57 =$$
