

My Morning Routine - How to make a super start to my day

1. I hang up my coat

2. I come into my classroom

3. I put my bag in my drawer

4. I look around the room for one minute. I can see what has

changed and what is the same.

This makes me feel happy and safe in school.

5. I sit at my desk and read my morning task

6. I start working on my morning task

Now I know what to do. I can have a super start everyday!
