Home Learning Consultation Update Years 1 to 6

Dear Walkley Parents / Carers,

Many thanks for your participation in our Parent Survey during the Autumn term. The information gleaned from the survey indicates a mixed preference across school for the pre-Covid Orange Home Learning book to complete homework, and the continuation of Google Classroom. Feedback on the use of Google classroom identifies a desire to modify the home learning assigned for pupils so that it is more interactive and eliminate any need to upload work to the platform.

What is your preferred method for home learning?

103 responses

At the heart of this consultation, is a desire to align the Recovery strategy for pupils, having returned to face to face teaching (identified areas of learning that have been impacted over the last 20 months), with new found skills and practice that have been developed over this period and may be called upon in the eventuality of the need for self-isolation, another lockdown or partial closure of schools.

Pupil Voice

We are currently at the stage of gathering the pupil voice and concluding a strategy that meets the criteria highlighted above with, if continued to be used, a more directly purposeful and interactive use of Google classroom.

Thank you for your patience as we conclude this consultation. We will share pupil voice findings with you once completed and ultimately, the policy for home learning moving forward.

Yours faithfully

Mr Wallis
Acting Headteacher
