Lockdown Learning Log

Dear Parent / Carer

The current information from Public Health England and the Government is that schools will remain open. This could change in the future and the latest guidance is to isolate as a household for 14 days if anyone in the household has the symptoms of Covid-19.

In-light of this we have taken steps to be prepared should pupils and staff need to self-isolate and stay indoors and/or the school has to close.

We have developed a Lockdown Learning log which is an interactive document that signposts you to relevant home learning platforms. Phonics, reading and writing (spelling, grammar, handwriting and composition) have been covered by Teach your monster to read, Oxford Owl, BBC Bitesize, Classroom Secrets, the Walkley Primary School website and whole school writing tasks.

Where appropriate, check your child's Reading Record for an accurate reading level that you can use to access well pitched eBooks through Oxford Owl.

Children should complete any written work in their Red Learning Logs, however if your child's Learning Log is still at school then do complete your work on paper or digitally if you prefer.

We are able to set work through the class blog, just as we do now in the homework section. In the event of school closure your child's class teacher will update the blog with daily maths challenges for the children to access. As well as this follow the link to keep up with TT Rock Stars.

There are also activities that your family can do to keep busy (screen time's going through the roof!!). I wonder if you'll try any? Nursery parents can access relevant online learning on the Elmers class page on the WPS website. [Click here](#)

Please open the attachment below to access the Lockdown Learning Log and enjoy learning at home.
