The use of digital / video images plays an important part in learning activities. Pupils and members of staff may use school based digital cameras to record evidence of activities in lessons and out of school. These images may then be used in presentations in subsequent lessons. Images may also be used to celebrate success through their publication in newsletters, on the school website and occasionally in the public media. We will ensure that published images cannot be identified by the use of pupils' full names. We will use only first names, or initials when identifiable with a photo.
